

MONSTER PACK

- ANUBIS -

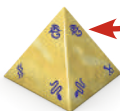

The Anubis Monster Pack is compatible with the King of Tokyo and King of New York base games, and with all their expansions.

The Anubis Monster Pack introduces a new game component, in the form of the pyramid-shaped die of Fate! You can use the die of Fate in your games even if you play without Evolution cards or are not playing with Anubis.

- **If you use the die of Fate**, shuffle the Curse cards to form a face-down draw pile. Reveal and read the top card; this Curse will now affect all players until it is replaced by the next one.

- **Roll the die of Fate with the other dice**, in the normal way. You can re-roll it or set it aside, just like the other dice. However, Keep and Evolution cards that modify dice rolls have no effect on the die of Fate.

- **The die of Fate must always be resolved.** Do it before you resolve the other dice. The hieroglyph at the top of the die shows the result.

DIE OF FATE EFFECTS

Change Curse:
Discard the current Curse and reveal the next one.

No effect. The card's permanent effect remains active, however.

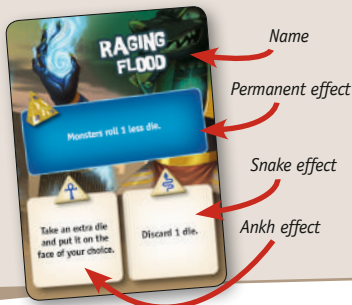

Suffer the Snake effect.

Receive the blessing of the Ankh effect.

CURSE CARDS

EVOLUTION CARDS

Evolution cards let you play *King of Tokyo* and *King of New York* with boosted Monsters! Anubis Evolutions work in the same way as the Evolutions in *King of Tokyo: Power Up!* and *King of New York: Power Up!* To play with Anubis Evolutions, you will need the *Power Up!* expansion for your base game.

NOTE: If two Evolution, Power and/or Curse cards have conflicting effects, the negative/prohibiting effect prevails.

For example, if one card requires you to Yield Tokyo but another card prohibits you from leaving Tokyo, stay in Tokyo.

THE GOLDEN SCARAB

The Golden Scarab affects certain Curse cards. At the start of the game, give it to the player who will play last.

CONTENTS

- 1 Anubis Monster board
- 1 cardboard figurine + figurine stand
- 1 die of Fate
- 24 Curse cards
- 1 Golden Scarab card
- 8 Evolution cards for King of Tokyo
